Full-stack web developer utilizing an art background to push the standards of UI. Obtained a MERN focused certificate from Georgia Institute of Technology that covered JavaScript, Databases, React.js and responsive web design. A goal oriented and creative problem solver centered on mobile-first design and development. I am working to achieve a bigger understanding of the cutting edge technologies present today. Having learned a plethora of different tools, I wish to invent and work on websites that will solve vital problems people face. I also wish to continue to expand on digital art and digital art environments. I'm excited to leverage my skills as part of a fast-paced, quality-driven team to build better experiences on the web.

TECHNICAL SKILLS
